

# Australia Wildlife Station

*Create an Australian Wildlife Section on your Placemats!!*

1. Take a few minutes and READ the handout!
2. Highlight information about particular animals you would like to include on your placemat!  
INCLUDE definitions for MARSUPIAL and MONOTREME!!
3. List FIVE species of animals that are ONLY found in Australia
4. Provide drawings or color printouts of at least THREE of those animals

# Invasive Species Station

*Create an Invasive Species Section on your Placemats!!*

1. Take a few minutes and READ the handout!
2. Highlight information as you go
3. Decide as a group what you should include on your placemats! (HINT: might want to include a definition AND ways the Aussie government is trying to deal with the problem)
4. Add at least ONE picture or color printout of an invasive species in Australia

# Dangerous Wildlife Station

*Add this info to the Australian Wildlife Section on your Placemats!!*

1. Go to Canvas
2. Watch the 10-minute video on Australia's Ten Deadliest Animals
3. List and Describe at least 3 of those animals in your wildlife section
4. Add a pic for each animal!

# Aussie Geography/Etc. Station

*Create an Australian Geography Section on your Placemats!!*

1. Go to CANVAS
2. Watch the 10-minute Geography Now! Video on Australia
3. Stop the video to add any information you think is important to your placemats!

4. Yup ... add a pic or two!
